# X250 Freeza™ Thermal Jacket

The X250 Freeza™ Jacket is the Chilla's 'big brother' and provides superior protection and warmth in environments as cold as -47.9°C thanks to its dual-layer of ThermaZone™ insulation. Its innovative design facilitates the perfect combination of toughness and comfort!

**COLOURS AVAILABLE**

Yellow / Grey

**SKU: X25J**

**Sizing: S,M,L & XL**

**OTHER FEATURES:**

Sleeve gloves for added warmth

7 handy pockets, incl. 2 hand warmers

Heavy duty lining for added warmth

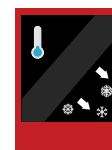

Foldable collar

Longer tail flap with reflective tape

# X150 Chilla™ Thermal Trouser

The X150 Chilla Trouser is the perfect counterpart for the Chilla™ Jacket. Its intuitive design including the reinforced crutch and double stitched seams allows superior durability and warmth, while not compromising on comfort and wearability. Now with longer outside zips for ease of on and off.

**SKU: X15T**  
**Sizing: S & M**

## OTHER FEATURES:

Reinforced crutch

2 closable pockets

Heavy duty lining  
for added warmth

In-built belt

# X250 Freeza™ Thermal Coverall

The X250 Freeza™ Coverall provides serious protection for individuals working in seriously cold conditions (as low as -47.9°C). The coverall design means it is easier to put on and off, while also ensuring the worker is completely protected as they move about their jobs. Now with longer outside zips for ease of on and off.

**SKU:** X25C

**Sizing:** S, M, L & XL

## OTHER FEATURES:

7 handy pockets,  
incl. 2 hand warmers

Reinforced crutch

High fleece collar
