V-Gard 500, **White** 6PT Vented
Push-Key Suspension

The Push-Key safety helmets suspension with its innovative adjustment concept brings an extraordinary way to enhance your workforce retention and comfort. Push-Key, the new harness designed exclusively for MSA V-Gard® Industrial Helmets, with the best cost-benefit ratio offered in the market. You can adjust it with one hand even when worn. There is no denying how much a simple "Push" changes everything!

SAFETY FEATURES

- ▶ For use with V-Gard industrial hard hats
- ▶ Push-Key suspension with slide adjustment
- ▶ Easy to use: simple push to loosen, squeeze to tighten
- ▶ Can be adjusted with one hand even when worn
- ▶ Greater retention capacity than competitive sliding suspensions, so much easier to select the best adjustment position.
- ▶ Overhead straps made of woven polyester provides you with high comfort and long term, consistent shock absorption performance
- ▶ Sophisticated 4 point attachment: good positioning on your head, stability and better air circulation
- ▶ 2 levels of nape strap adjustment for customized fit
